**Family and Natural Supports (FANS) Program** aims to connect youth who are at risk of being homeless or are newly homeless to their self identified family and natural support system. The support worker will assess the situation and help identify barriers and assist in removing these barriers to prevent homelessness.

This program is an unbiased, non judgmental program that helps both the youth and the family to resolve issues and return young people to their homes if possible.

Youth and young adults that live in or around Red Deer between the ages of 15 and 24 qualify for the program.
